Subject: Bid Review
Rehabilitate Runway 9-27 - Crack Seal & Remark
Bloomsburg Municipal Airport
Town of Bloomsburg
PennDOT Agreement No. ABG-2021-Town of Bloomsburg-00053

Dear Ms. Dooley:

Delta reviewed the bids for the referenced project. There were two bids submitted for both the Base Bid (AIP Work) and Bid Additive1 (Non-AIP Work) as presented in the enclosed Bid Tabulation.

CriLon Corp. submitted the apparent low bid for the Base Bid (AIP Work – and basis for award), Bid Additive 1 (non-AIP work), and the Total Bid (AIP & Non-AIP Work) as follows:

	<i>CriLon Corp..</i>	<i>Axtell's Pavement Solutions, LLC</i>	<i>Engineer's Estimate</i>
Base Bid (AIP Work)	\$ 197,164.03	\$ 241,400.00	\$ 244,100.00
Bid Additive 1 (Non-AIP Work)	\$ 12,617.00	\$ 13,000.00	\$ 7,000.00
Total Bid (AIP & Non-AIP Work)	\$ 209,781.03	\$ 254,400.00	\$ 251,100.00

The apparent low bid submitted by CriLon is 19.3% below the Engineer's Opinion of Probable Construction Cost (EOPCC) for Base Bid (AIP Work) and 16.5% below the EOPCC Total Bid (AIP & Non-AIP Work). The second bidder, Axtell's, submitted a bid at 1.1% below the EOPCC Base Bid (AIP Work) and 1.3% above the EOPCC Base Bid Total (AIP & Non-AIP Work).

Below is a summary of our findings following the review of the Bid Proposals:

CriLon Corp.

1. Pages 23 through 28 - The bidder check marked (on page 25) they were unable to meet the subcontracted Disadvantaged Business Enterprise (DBE) goal of 5.31% DBE and are committed to a minimum of 4.77% DBE utilization on the project. Their documented DBE subcontractor backup lists one DBE firm with a DBE estimate of work totaling \$10,000.00 which equates to 5.07% DBE participation against their Base Bid (AIP Work). The quoted 4.77% DBE utilization was calculated based on their total bid including both AIP and non-AIP work. However, the DBE goal applies only to AIP work. They did not however include any Good Faith Effort (GFE) backup to show whether other DBE firms were contacted.

In accordance with Paragraph A12 of Section 200, the submission of good faith efforts was noted as a condition of bid responsiveness and was specified to be submitted with the bid proposal. Please note that 49 CFR Paragraph 26.53 (b)(3)(i) allows an option for the Contractor to submit their required good faith effort information, no later than 5 days from bid opening.

2. Page 48 - The bidder completed the Section 20-02 Proposal Requirements Checklist but did not include the evidence of competency or financial responsibility required to be furnished as part of their Bid Proposal.

Axtell's Pavement Solutions, LLC

1. Pages 9 through 11 - The Bidder exceeded the maximum 10% Mobilization as stipulated in the Bid Documents (Section 20-03 Contents of proposal forms). Note that Item C-105 Mobilization contains language defining the method of payment for costs over the stated 10% maximum on an as-incurred basis.
2. Page 21 - The bidder signed the Certification of Offerer/Bidder Regarding Tax Delinquency and Felony Convictions but did not check the actual Certification statements as required.

The Town and their Solicitor should review the Bid Tabulation, the Bid Proposals, and the appropriate sections of the Bid Document requirements to determine the lowest responsive bidder. We have enclosed relevant information for your review of these items.

If you wish to have a call to discuss these items, I am happy to make myself available so that we can reach out to contractors if needed. Once you have confirmed a responsive bid, Delta will prepare the appropriate documents to be submitted to the PennDOT BOA for securing the additional funding for the project. No Award will be made until the grant amendment has been approved for the project.

If you have any questions concerning this matter, please do not hesitate to contact our office.

Sincerely,

Community Strategies Group
Attention: Rich Kisner
700 Sawmill Road, Suite 101
Bloomsburg, PA 17815

Dear Mr. Kisner:

This letter is to confirm the Town of Bloomsburg support for the proposal of the Bloom Heights family housing project being submitted to the Pennsylvania Housing Finance Agency (PHFA) for the award of Low-Income Housing Tax Credits (LIHTC).

Columbia County, like much of rural Pennsylvania, has a large population of families who struggle to access safe and affordable housing. The Town of Bloomsburg's available housing stock was devastated by flooding in 2011. Years later, we are still recovering. The Bloom Heights project will provide Bloomsburg's first large-scale housing activity to directly address the needs of those most adversely affected by the housing losses since the flooding took place.

It's clear and evident based on past projects that Community Strategies Group is dedicated to the causes of all families and individuals in our communities, and consistently strives to promote safe housing and supportive services to this vulnerable population. The project serves as a driver of local economic development with its substantial new contribution to local tax rolls, promotes creative redevelopment in a community subject to the challenges of sprawl, and helps centralize supportive services for some of our community's most vulnerable residents.

Sincerely,

Justin C. Hummel,
Mayor
